

1. condensed chromosome
2. chromosome, centromeric region
3. kinetochore
4. spindle midzone
5. mitotic spindle
6. nuclear replication fork
7. collagen-containing extracellular matrix
8. outer kinetochore
9. CMG complex
10. midbody

11. MCM complex
12. kinesin complex
13. spindle pole
14. endoplasmic reticulum lumen
15. replisome
16. pronucleus
17. collagen trimer
18. lateral element
19. myofilament
20. synaptonemal complex
