

- | | |
|------------------------------|--|
| 1. synaptic membrane | 10. guanylate cyclase complex, soluble |
| 2. cation channel complex | 11. synaptic vesicle |
| 3. axon terminus | 12. excitatory synapse |
| 4. perikaryon | 13. synaptic vesicle membrane |
| 5. stereocilium bundle | 14. main axon |
| 6. stereocilium | 15. USH2 complex |
| 7. distal axon | 16. stereocilia ankle link complex |
| 8. presynaptic active zone | 17. photoreceptor outer segment |
| 9. stereocilia coupling link | |
