

- 1. axoneme
- ciliary plasm
 motile cilium
- 3. modile cilium
- 4. cation channel complex
- 5. microtubule associated complex6. neuron projection membrane
- 7. microtubule
- 8. sarcolemma
- 9. apical junction complex
- 10. perikaryon

- 11. manchette
- 12. sperm midpiece
- 13. ciliary basal body14. axonal growth cone
- 15. USH2 complex
- 16. stereocilium bundle
- 17. neuron projection terminus
- 18. external side of plasma membrane
- 19. myofilament
- 20. main axon
